AFTERWORD

Hello and thank you. A while back, a stray cat nuzzled up to me clearly hoping to get fed. When I tried to shake it off, it wouldn't stop staring at me with these dumbfounded eyes. This is Rui Tamachi, who has learned what true guilt feels like. Cats are so unfair...

Who would've thought it's the fourth volume.
I noticed I keep on saying "who would've thought, who would've thought" every time, but having been able to come this far really is only thanks to all of you.
Huge thanks to everyone...!!

Even the season changed from summer to fall.
Doesn't seem like there's too much more left to go,
but I'd be very happy if you hung around until the end.

Special thanks
